Assistance has been provided to residents through schemes such as the Household Support Fund (£2.7m to vulnerable households), the Energy Rebate to residents in Council Tax bands A-D and the School Holidays Activity and Food programme. The Council is focused on supporting residents, businesses (including schools) and Wiltshire Council staff. Area Boards are being asked to work with their communities to ensure local support is in place for the most vulnerable, including food banks. The Wiltshire Wellbeing Hub will support residents with financial wellbeing concerns. The 09:30hrs restriction on concessionary fare bus passes has been lifted, thus supporting the elderly and vulnerable to access essential services, and Warm and Safe Wiltshire will continue to offer free and impartial energy advice to reduce fuel poverty.</p> <p>Strategy for Helping People with Mental Disabilities Enjoy Fulfilled Lives The Wiltshire Independent Living Strategy maximises the independence, choice and control for people with a mental health condition, learning disability and/or autism spectrum condition by providing the right accommodation and support in the right place at the right time. The strategy will reduce dependence on residential care and ensure people are supported to live independently, with their own tenancy wherever this is possible. This means developing new supported accommodation and providing innovative, flexible care to enable people to live in the community.</p>	

Agenda Item	Detail	Action
	<p>£1.3m Extra Funding to Tackle Substance Misuse The Council has secured additional funding to tackle illicit drug use, including enforcement, diversion, treatment and recovery. Funding is in addition to the core substance misuse services already delivered in Wiltshire. The funding will ensure enhanced focus on improved outcomes for young people and adults substance misuse services - with a particular focus on the transition period to adulthood and criminal justice.</p> <p>Electric Vehicle Charging Points Steve Vaux gave an informative presentation on the opportunity to obtain a government grant towards providing community charging points. The scheme known as the On-Street Residential ChargePoint Scheme (ORCS) requires applications to be submitted before 1st April 2023. It was suggested the initiative may need to be owned by one of the Parish Councillors. Details of the scheme have been circulated to all Parish Councillors and this topic will be an agenda item at the next parish council meeting. Councillors should consider residential areas which might be suitable for these charging points so that assessments can be requested on the most appropriate at the November meeting.</p> <p>Bus Stop at Padfield Porkies Wiltshire Highways are considering a potential opportunity to provide an additional bus stop on A361 west of Sells Green to better meet the needs of local residents.</p> <p>School Travel Plan Cllr Reay has contacted the school to arrange a meeting to complete the Plan.</p>	All

2022/173 Items for Discussion from Members of the Parish	None	

Agenda Item	Detail	Action
2022/174 Highways and Rights of Way	<p>Local Highways & Footpath Infrastructure Group (LHFIG) The next LHFIG meeting is scheduled for 4th October.</p> <p>School Access The Parish Council has made two requests to meet with the School Authorities, both have been declined. The White Horse Federation Director of Estate & Facilities stated that, <i>"This meeting seems fairly pointless to me as you are not willing to consider the more viable options."</i> The viable options refer to Wiltshire Council Highways improvement to the A361 through the village. The Parish Council has had many discussions over the years with Highways about improvements at the pinch-point but a chicane, traffic lights etc are not feasible options.</p> <p>Despite the meetings being declined, the Parish Council will continue to try and convene a meeting with the School Authorities to review the school's insurance issue with public access and the possibility of a fenced pathway through the school grounds. The Parish Council will also contact Salisbury Diocese who are the owners of the school land. However, without formal support of the School Governors and Friends of Seend School (FoSS) it remains unlikely the Parish Council will change the decision of the School Authorities. With that in mind Phil Springate will contact the Chair of the School Governors. The Clerk to put a note in Spotlight updating Parishioners.</p> <p>Inmarsh High Friction Surface The Parish Council accepted Wiltshire Highways recommendation not to place additional signage in the vicinity of the crossing as it resides within the 30mph village restriction. Highways also advised that they would not consider deploying mirrors as there are potential liability issues associated with them as they can get dirty / covered in condensation etc. hence there will be periods where they aren't able to serve the purpose intended.</p> <p>Community Speed Watch Volunteer training continues.</p> <p>Bollands Hill Traffic Survey The Clerk to email the survey form to the volunteers undertaking the survey. Georgina A'Bear kindly agreed to deliver high visibility vests to the Chairman to pass on to each volunteer. The clerk to collate the results for the next meeting.</p> <p>Rusty Lane Highways advised the earliest date for resurfacing Rusty Lane will now be early December. Highways are also looking to improve the surface drainage and remove dead trees at the lower end of the lane.</p> <p>Bradley Lane Bridleway (SEEN46) The Clerk to write to Wiltshire Highways and request guidance as to how part of the existing Bridleway from Rusty Lane to Spiderweb Paddock can be upgraded to a cycle path.</p>	<p>Chairman/ Clerk</p> <p>Chairman/ Clerk Clerk</p> <p>Phil Springate Clerk</p> <p>John Williams</p> <p>Clerk / Georgina A'Bear</p> <p>Clerk</p>
