BRAG Picnic Area

Do you visit and enjoy the BRAG picnic area alongside the canal at Bowerhill/Seend run by the Bowerhill Residents Action Group?

There is an opportunity to seek further protection of its value as a community asset by designating it as "Local Green Space" in the Seend Neighbourhood Plan, but they need residents to contact them and give evidence of why it's an important community space. To explain why it has particular local significance for example, because of its beauty, historic significance, recreational value, tranquillity or richness of its wildlife.

If you would like to pass on your views, please contact Seend Neighbourhood Plan via their email address seendparishplan@gmail.com and let them know why you think the picnic area deserves special protection against any future development.

Runner triumphs at double-marathon

A MELKSHAM runner ran a double-marathon in less than 12 hours to raise money for Parkinson's UK in support of her grandfather.

Leah Sartain took part in the 'Race to the King' last month, running 93.5 miles along the South Downs Way. Leah took 11 hours and 26 minutes to complete the course that started at the Sandes, Exceat, near Arundel and finished at Winchester Cathedral.

So far, she has raised £800 for Parkinson's UK, a charity close to the heart of Leah and her family. "My money was diagnosed with Parkinson's a number of years ago," Leah explains, "at what I would deem a young age. Previous to this I have memories of him living life to the full alongside his wife Beryl, travelling here there and everywhere. It is heartbreaking to see my grandpa's daily struggles, however his sense of humour still remains. Beryl does a wonderful job being by his side, showing patience and love which is truly remarkable. I hope that by fundraising for Parkinson's it will help towards finding a cure and allow continued support to my grandpa and Beryl, and everyone else affected by Parkinson's."

About completing her epic challenge, Leah said, "I think I'm going to sleep for a week! I have run two marathons before, and a ultra-marathon, so I wanted a new challenge while my body is capable, and this felt like the next step. "It was a hot day and the toughest race that I have run - but the adrenaline got me through it. It went by surprisingly quickly! The South Downs are beautiful, so there was lovely scenery to look at as I ran, so that helped to pass the time. "The support from the public was great, and my main theme to support me at all the pit-stops, which was a great help."

Leah's mother Maundy Breakpear said, "We are incredibly proud, Leah has not done a run like this before and it was a very long day - so this is an incredible achievement. She has raised a lot of money for Parkinson's UK, which is a charity close to our hearts - the money will hopefully be a help towards researching this disease."
