

## **Day Schools**

We had an extremely interesting Day School on William Morris in November with Seend Cleeve resident Arts and Crafts expert John Kendall. It included a hands-on design exercise, a visit to Bromham Church to see a Morris stained glass window, and the chance to see some of John's own collection of Morris & Co artefacts. We had hoped to organise another Day School in the spring, but this did not happen. We hope to organise something in the autumn, so watch this space.
